COM2044 LAB Q1

Q1-)The program prompts the user to enter a grade between 0 and 100.

It checks the entered value using if-else conditions:

90-100 → A

80-89 → B

70-79 → C

60-69 → D

0-59 → F

If the input is outside the valid range (0-100), it prints "Invalid grade entered".
